CONTINUING NURSING EDUCATION
This activity has been submitted to New Jersey State Nurses Association for approval to award contact hours. New Jersey State Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

To obtain a nursing contact hour certificate for a given day, participants must sign in on that day, attend all sessions, and complete an evaluation.

For more information regarding contact hours, please call Linda Bartolo at the Executive Offices at 973-597-0938.
Targeted Audience

OB/GYN Physicians and Nurses, Residents, Medical and Nursing Students, and other Allied Healthcare Professionals are welcome to attend.

Goal

The overall goal of this activity is to update health care providers with current research in various hot topics in Obstetrics and Gynecology and thus promote better awareness of clinical conditions.

Objectives

At the conclusion of this conference, attendees should be able to:

- Discuss the emerging trend of single embryo transfer as an option for women experiencing infertility.
- Compare surgical and medical approaches to endometriosis.
- Describe how quality improvement initiatives are utilized to avoid a malpractice situation in obstetrics.
- Identify conditions that may benefit from delivery in the late preterm and/or early term period.
- Describe the effect of domestic and sexual violence on women's health.
- Outline techniques utilized in the care of women with trophoblastic disease.
- Identify approaches in the management of fecal incontinence.
- Summarize the stages of grief associated with perinatal loss. Discuss the effect of recurrent perinatal loss on the process of grief.
- Examine the issues associated with obesity and pregnant women.
- Discuss the use of new bariatric procedures in the treatment of the morbidly obese obstetric patient.
- Review New Jersey’s annual maternal mortality statistics. Identify evolving strategies in ob/gyn practice that may prevent maternal morbidity and mortality.
- Discuss the Association of Women’s Health and Obstetric and Neonatal Nursing’s multi-hospital obstetrical hemorrhage quality improvement initiative in NJ.
- State new contraception techniques available to women in 2015.
- Explain how medical conditions during pregnancy can be indicative of a woman’s future health.
